

International Workshop Safety and Health in SMEs

May 4, 2010 | Innsbruck | Austria

Risk assessment in SMEs

Young workers and new recruits in SMEs

Scope of the workshop

The Meeting will discuss two important aspects relating to OHS in SMEs, namely the topic of risk assessment and the question of occupational health and safety in relation with young workers and new recruits in SMEs. Both aspects are being dealt with in international expert working groups of the ISSA International Sections for Prevention.

Best practice examples will be presented in the lectures of the workshop.
